Sir:

**NOTICE OF POSSIBLE PTO ERROR IN THE DETERMINATION OF PATENT TERM  
ADJUSTMENT AND REQUEST FOR CLARIFICATION OF CALCULATION**

As required by 65 FED. REG. 56387 (September 18, 2000), Applicant notifies the Patent and Trademark Office (PTO) of a possible error in the patent term adjustment. Applicant confirms receipt of the Notice of Determination of Patent Term Adjustment dated March 21, 2008.

The Notice indicates that the PTO has determined that the patent term adjustment period for this application is 412 days. Applicant respectfully requests that the PTO clarify how it arrived at this adjustment period. Based on Applicant's calculation, at this point in prosecution of this application, the patent term adjustment period should be 411 days. Specifically, Applicant believes that the 724 days of PTO delay attributable to the appeal filed in this application should be 723 days, beginning when the Notice of Appeal was filed on November 4, 2003, and ending on October 26,

2007, the date when the proceeding ended. A review of PAIR indicates that the PTO calculated PTA using October 27, 2005, the date when the Board mailed its decision.
